SITUATION SUMMARY

Weather of Concern

Northern California

- A low pressure system dropping down the Pacific Northwest coast will bring mixed weather across northern California.

Southern California

- Gusty northwest to north winds will develop over portions of Southwest California Monday through early Tuesday.
- Gusts of 40 to 45 mph are expected for the Central Coast and Santa Barbara South Coast, with gusts of 45 to 50 mph for the mountain areas.
- A High Wind Warning is in effect for areas in San Bernardino, Riverside, and San Diego Counties

Cal EOC Incident – 2014 Drought

SOC / Inland REOC remains activated in support of 2014 Drought.

WEATHER

WEATHER SYNOPSIS BY REGION:

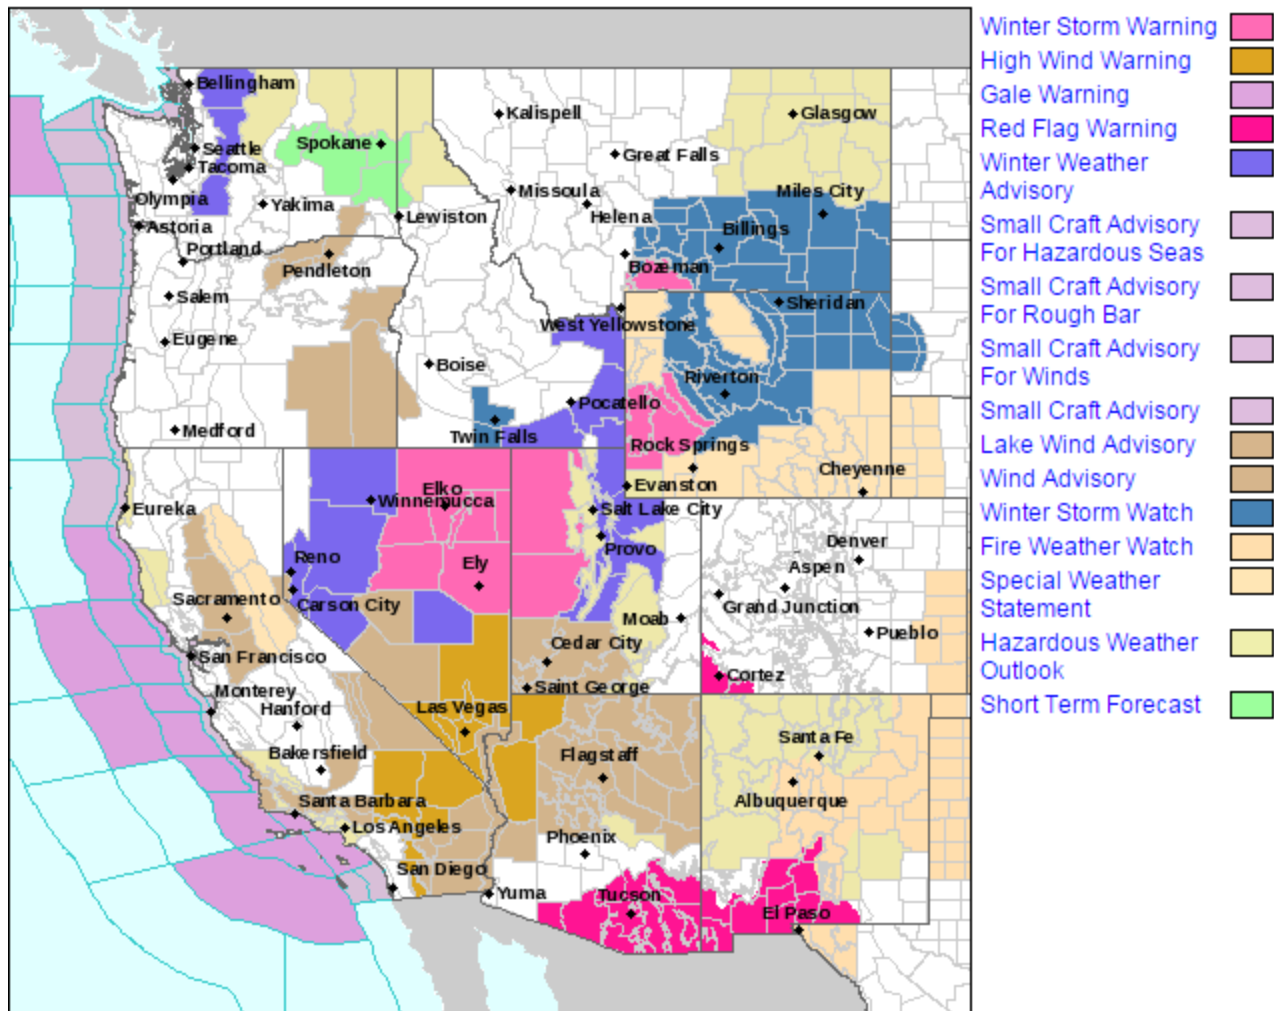

NORTHERN CALIFORNIA

A cool weather system from the north may bring a few showers across the northern mountains, northern Sierra and foothills and the eastern Sacramento Valley tonight. The mountain shower threat continues through mid week with minor snow impacts expected over the Sierra. Dry with warmer temperatures the end of the week with next chance of precipitation early next week. The system will deepen through Northern California on Monday with the central part of the system moving over the great basin. Winds should become windy during the day and we have issued a wind advisory for the valley. This will likely be the bigger impact to the region from this system than the showers. The strongest winds are expected over the west side of the valley with gusts up to around 40 mph.

SOUTHERN CALIFORNIA

Low pressure from the north will cool temperatures to below normal through midweek. There will be a slight chance of a light shower and morning drizzle on Monday along with breezy conditions. Warming is expected for the second half of the week as high pressure builds aloft. A dramatic change in the weather will occur Monday and Monday night as a large cold storm moves from the Pacific Northwest into the Great Basin. This will bring widespread strong winds across the Mojave Desert Monday. The system will then slowly pull away followed by a warming trend the second half of the week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New Cal OES Law Missions

2016-LAW-22083, 3/26/16, 2130 hours: The Air Force Rescue Coordination Center (AFRCC) notified the CA State Warning Center of a PLB Activation. The PLB was reported stolen from Sab Pablo, Contra Costa County. AFRCC advised the device has continued to alert after several satellite passes plotting near Cutting Blvd. between 18th & 19th Street in the City of Richmond, Contra Costa County. LDO notified Richmond Police Department of the activation and location. A Richmond Police Officer was dispatched to investigate. The officer checked the area and advised they were unable to locate the PLB or anyone in distress. AFRCC was contacted and advised the PLB is continuing to sound. **UPDATE: 3/27/16, 0730:** per AFRCC the PLB continues to sound. A Civil Air Patrol Team (CAP) is being assigned to work with Richmond Police to locate and silence the device. **Mission On-Going**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
